

### HWC Showtime meetings

Showtime meetings are open to all to participate using a standard “Show and Tell” format.

However there are rules:

1. There shall be a host for the evening whose word is final.
2. There shall be equal opportunity among potential presenters.
3. Members may bring as many items as they wish.

To this end:

There will be buckets labelled 1,2,3 etc. on the show table at the end of the room near lathe 1.

If you have only one item to show please take a slip, write your name on the slip, fold it and place it in bucket number 1.

If you have 2 or more items then place a slip as above in buckets 1 and 2 then bucket 3 and so on up to as many as you have items to show.

(eg should you have 5 items you should place a folded slip with your name in each of the buckets 1-5).

Procedure:

The host will draw a slip from bucket 1 and call out the name of the presenter, who will make a presentation and return to their seat. This will be repeated until bucket 1 is empty at which point the host will start to draw names from bucket 2 and so on.

This will be repeated until all buckets are empty or time runs out.

NB The system is meant to give every member a fair opportunity to show their work.  
Any attempt to present more than one item at a time will receive the wrath of the  
host!
